

**Saluda River and
Big Creek Watersheds**

(0305109-040 & 070)

- Mines
- Surface Water Intakes
- Landfills
- Groundwater Contamination
- NPDES Permits
- Biological Sites
- Water Quality Monitoring Sites
- Modeled Streams
- Streams
- Lakes
- 11-Digit Hydrological Units
- City
- Highways
- Interstate

The map displays the Saluda River and Big Creek watersheds, covering parts of South Carolina. Key locations include Greenville, Piedmont, Pelzer, and Williamston. The map shows various hydrological units (040 and 070) and features such as streams, lakes, highways, and cities. A legend identifies symbols for mines, surface water intakes, landfills, groundwater contamination, NPDES permits, biological sites, water quality monitoring sites, modeled streams, streams, lakes, 11-digit hydrological units, cities, highways, and interstates. An inset map shows the location of the study area within South Carolina.
